Bears Club

Dear Sir

I am directed to inform you officially that the Society has accepted your resignation of the Office of their President & of your leave as a member of the Club. I have no directions to exPreS the requests of the Society of your withdrawing from London, because as you describe yourself "I have had the most flourishing health" & to be in all respect much happier since your arrival at Edinburgh, they feel (although reluctantly) that they ought [Kelker?] to prolocute you on the step you have taken. But I am directed to exPreS the gratitude of the Society for the Pliance & benefit which they derived from your Company during the many years you held the Office of their president & as a member of the Club. For if the Society of the Bears Club is distinguished as they aew it is, for natural & courteous manners for the Robt of conversation [namely & indeverlen?] subjected & for accuracy of Infermation [sic] & precision of Sentiment, they are conscious that they owe much of the mind of there virtues & the exemple which was uniformly exhibited of them by you. They dare aSume you therefore that you will long live in their blessing, recollections, & they do not fear that you will soon forget there with whom you have had so much time in the most unreserved & friendly intercourse. That you may long, very long, enjoy those longings of health & retirement of which you describe yourself to be at present in poSeSion is the cordial & anxious wish of every Member of the Club
